

## Pharmacy Benefits

<b>Employee: Present letter to the PHARMACY</b>	<b>Empleado: Lleve esta carta a la farmacia</b>
<p style="text-align: center;"><b>For Our English Speaking Clients</b></p> <p>Welcome to TechHealth. Your employer in partnership with the workers' compensation insurance carrier, <b>FFVA Mutual Insurance</b>, has selected TechHealth to be the preferred pharmacy benefit program provider to meet all your approved work related injury prescription needs and help you avoid unnecessary out of pocket expenses. TechHealth has over 65,500 pharmacies nationwide.</p> <p>This letter <b><u>MUST BE PRESENTED</u></b> to your pharmacist when you drop off your workers' compensation prescription(s). You <b>may</b> be dispensed only a portion of the full prescription prescribed by the physician depending on the status of your claim at the time it is filled by the pharmacy. This should not be cause for alarm as it is not unusual for your claim to take 1-3 days to process. Once the claim has been accepted the remainder of the prescription will be available. A permanent prescription card specific to your injury will be mailed directly to you within the next 5 to 7 business days. Please note that this is valid only for medications prescribed to treat your compensable work related injury. You or your group health insurers are financially responsible for any other prescriptions.</p> <p>If you have questions or need assistance in locating a participating pharmacy, please contact TechHealth at <b>1.866.207.1472</b>.</p>	<p style="text-align: center;"><b>Para Nuestros Clientes que hablan Espanol</b></p> <p>Bienvenido a TechHealth. Su empleador y el portador de seguro de la compensación al trabajador, <b>FFVA Mutual Insurance</b>, ha seleccionado a TechHealth como su proveedor preferido del programa de beneficio de farmacia el cual facilita todas sus recetas medicas relacionadas con su accidente en el trabajo. Este programa también le ayudará a evitar gastos innecesarios de su bolsillo. TechHealth cuenta con más de 65,500 farmacias participantes por todo el país.</p> <p>Esta carta <b><u>DEBE SER PRESENTADA</u></b> a su farmacéutico cuando entregue su receta de la compensación al trabajador. Por favor tenga presente que puede que sólo una porción de la prescripción sea llenada por la farmacia y no la prescripción completa; ya que esto depende del estado actual de su reclamo. Esto no debe ser causa para alarmarse ya que es común para su reclamo tomar 1-3 días para ser procesado. Una vez que el reclamo ha sido aceptado, el resto de la prescripción estará disponible. Una tarjeta permanente para recetas relacionadas con su accidente será enviada directamente a usted dentro de los próximos 5 a 7 días. Por favor note que esto es válido sólo para medicinas que son ordenadas para tratar la condición relacionada a la compensación al trabajador. Usted o sus aseguradores de salud son financieramente responsables de cualquier otras prescripciones.</p> <p>Si necesita ayuda, tiene preguntas o si necesita situar una farmacia participante, por favor contactar a TechHealth al <b>1.866.207.1472</b>.</p>

## Step Therapy Drug List

The step therapy program encourages safe and cost-effective medication use. Under this program, a “step” approach is required to receive coverage for certain medications. This means that before you use one of the brand-name drugs listed on the attached Step Therapy List, you will first need to try a similar, alternative medication. In most cases, this will be a generic drug. Generics are approved by the FDA as safe and effective. It is important that you share this list with your doctor to help coordinate your medication need.

KEY: Generics are listed in lower case; Brands in capitals.

Indication	Step Therapy Program	First Line (Step-One) Products	Second-Line (Step Two) Products
<b>Analgesic</b>	COX-2 Inhibitors	two different non-steroidal anti-inflammatory drugs (NSAID's)	Celebrex
	NSAID	1 NSAID	Arthrotec
	Migraine Medications	sumatriptan tablets	Brand triptans
<b>Antispasmodic</b>	Muscle relaxants	generic muscle relaxant	Amrix
<b>Depression</b>	SSRI/SNRI	bupropion, fluoxetine, fluvoxamine, paroxetine, citalopram, sertraline, venlafaxine IR	Effexor, Effexor XR, Cymbalta, Pristiq, Wellbutrin XL, venlafaxine XR
			Paxil, Paxil CR, Pexeva, Zoloft, Celexa, Lexapro, Luvox, Prozac, Prozac weekly, Sarafem
<b>Gastrointestinal</b>	PPI	omeprazole lansoprazole	Nexium, pantoprazole, Aciphex, Kapidex, Prevacid, Prilosec (brand) Zegerid, Protonix
<b>Nerve Pain</b>	Lyrica	gabapentin	Lyrica
<b>Ophthalmic</b>	Ophthalmic anti-inflammatory	diclofenac ophSoln	Acuvail™
<b>Sleep</b>	Sedative Hypnotics	zolpidem, zolpidem CR, zaleplon	Ambien, Ambien CR, Edluar, Lunesta, Rozerem, Sonata

**Notes:**

For the drug classification listed in the table above, members must have tried one First-Line medication within the past 120 days before moving to a Second-Line medication.

Within all Step Therapy programs, all brand drugs that have a generic equivalent are non-formulary
