

Country Clubs

Our *Solutionists* are dedicated to delivering expert safety and claim solutions to manage costs and keep employees safe at work.

What sets us apart

Safety Guidance Second to None

- When it comes to understanding country club workplace exposures to injury, our safety team has a reputation for being one of the best.
- All of our safety services, events, training (including OSHA) and online resources are provided at no additional cost to policyholders.

Here are a few specific safety recommendations from our experts:

- While driving golf carts, employees should keep arms, legs and feet inside the cart with appropriate footwear.
- Groundskeepers and kitchen staff can avoid lacerations with proper PPE, safety training, and by machine guarding lawn equipment and kitchen slicers.
- Always wear proper eye and ear protection when working with gas-powered equipment, pesticides or other chemicals.

Personal Claims Management

- A single point of contact - each country club has a dedicated adjuster regardless of the number of locations or claim count.
- Every adjuster has an assistant that helps close claims quickly and keeps caseloads lower than industry average.

Return to Work Team Approach

- We know the work responsibilities and business needs unique to country clubs and their employees.
- When a waitperson slips and falls or a groundskeeper suffers a back strain, our *Solutionist* team works proactively with the country club to bring injured workers back quickly and safely.
