

Landscaping

Our *Solutionists* are dedicated to delivering expert safety and claim solutions to manage costs and keep employees safe at work.

What Sets Us Apart

Safety Guidance Second to None

- When it comes to understanding landscaper exposures to injury, our safety team has a reputation for being one of the best.
- All of our safety services, events, training (including OSHA) and online resources are provided at no additional cost to policyholders.

Here are a few specific safety recommendations from our experts:

- The landscaping industry leads in transportation fatalities & injuries. Combine defensive driving training, daily vehicle inspections and seatbelt use to reduce automotive accidents and injuries.
- Conduct regular safety meetings to remind workers of risky behavior that could result in the loss of a partial digit or amputation.
- Eye injuries are preventable by wearing safety glasses or goggles. Using ear plugs will protect against hearing loss.

Personal Claims Management

- A single point of contact - every employer has a dedicated adjuster regardless of the number of locations or claim count. Assistants help close claims quickly and keeps caseloads lower.

Return to Work Team Approach

- We know the work responsibilities and business needs unique to landscapers.
- When a landscaper slips and falls or a trimmer suffers a back strain, our *Solutionist* team works proactively with the landscaper to bring injured workers back swiftly and effectively.

We Know Landscaping

Landscapers are consistently one of the top industry types we insure.

Our decades of experience include servicing over 357 landscaping firms ranging from single location to multistate.

Successful Track Record

We insure landscapers with total payroll ranging from more than \$279,357 to over \$1,800,000 million and employee counts less than five to nearly 100.
