

Safety Training

## Winter 2018

For more information and registrations visit, [www.ffvamutual.com/events](http://www.ffvamutual.com/events)

### **January 17 @ 10:30 am to 11:30 am ET**

#### [Annual OSHA Update \[Online Webcast\]](#)

Learn about OSHA's latest rules and regulatory guideline updates for 2018, along with how they may impact your company. We'll also discuss tools for identifying which rules apply to your industry to implement in your safety program.

### **February 8 @ 10:30 am to 11:30 am**

#### [Safety Leadership Academy \[Maitland, FL\]](#)

This one-day event has been developed specifically for anyone responsible for safety management initiatives (owner, manager, supervisor, safety professional), is provided at no cost to FFVA Mutual's agents and policyholders, and includes lunch.

### **February 27 & 28 @ 7:30 am to 1:00 pm both days**

#### [OSHA 10-Hr General Industry Training \[Maitland, FL\]](#)

This OSHA 10-Hour General Industry training course\* is designed to familiarize workers with OSHA standards along with ways to predict, prevent, identify and avoid possible common worksite hazards. Note: If your OSHA card is older than five years, we recommend updating it to stay current with the latest industry standards. \*Training is specific to the following industries: Manufacturing and Maintenance; Vehicle maintenance, service and body shop.

### **March 1 & 2 @ 7:30 am to 1:00 pm both days**

#### [OSHA 10-Hr Construction Training \[Maitland, FL\]](#)

This OSHA 10-Hour Construction training course\* is designed to familiarize workers with OSHA standards along with ways to predict, prevent, identify and avoid possible common worksite hazards. Note: If your OSHA card is older than five years, we recommend updating it to stay current with the latest industry standards. \*Training is specific to the following industries: HVAC and Plumbing.

### **March 14 @ 10:30 am to 11:30 am ET**

#### [Hazard Communication \[Online Webcast\]](#)

Hazard Communication – the #2 most frequently cited OSHA violation. Understanding the ins and outs of this standard is important and we're here to help. During the webcast, we'll talk about best practices for implementing the required Haz Comm Standard at your workplace.
